

# 2018 UPS® Tariff Guide

## Worldwide Services

GWC is the Authorized Service Contractor for UPS in Qatar

# Welcome

Use this guide to find shipping tariffs for your UPS shipments. We offer delivery options to meet your shipping requirements, including door-to-door and routine customs-clearance services for documents and packages.

## Zone and Rate Charts

In order to determine applicable UPS shipping rates, please consult both the zone charts and the rate charts.

## Zone Charts

First, find the origin (for import shipments) or the destination (for export shipments). Then find the zone number shown under the chosen service column to determine if the service is available.

## International Rate Charts

Use the zone number, in conjunction with the weight of your shipment, to obtain the shipping rate. These rates are exclusive of surcharges and taxes.

Rates in this booklet are for customers in Qatar. Effective December 25<sup>th</sup> 2017. Customs duties, surcharges and taxes are not included in the rates. These rates are subject to Fuel Surcharge. Fuel Surcharge Percentage varies from month to month and is available on UPS.com. Shipment insurance is also available, please contact UPS office for the same.

### Chargeable weight

Rates are based on the total actual weight or the total dimensional weight of all packages in the shipment, whichever is the greater. Any fraction of a kilogram over the weight shown takes the next highest rate. DIMENSIONAL WEIGHT FACTOR = (L X W X H)/5000 in cms = Kilograms

UPS reserves the right to amend, modify or discontinue the service, tariff and applicable terms and conditions with or without prior notice.

# Why choose UPS in Qatar?

Warehousing capabilities exceeding  
**680,000** square meters and  
**+260,000** pallet locations

A dedicated team of **+55**

Determining the weight of the shipment - Export

Currency: QAR

Sub Origin: Qatar

## Billable weight - for small package shipments

Billable weight is the weight used to calculate the rate. For domestic and international services, the billable weight will be the greater of the dimensional weight as compared to the actual weight.

## How To Calculate Billable Weight

Determine Actual Weight: Use any standard scale to determine the actual weight of your package.

Increase any fraction to the next half kilogram.

Determine Dimensional Weight: Divide the cubic size of your package (length x width x height, rounding each measurement to the nearest whole centimetre) in centimetres by 5,000. Refer to the figure at the bottom of this page. Increase any fraction to the next half kilogram.

Determine Billable Weight: Compare the package's actual weight to its dimensional weight. The larger of the two weights is the billable weight and should be used to calculate the rate.

For multiple-package shipments, total the billable weight of all packages in the shipment.

## Additional charges

These rates are exclusive of any additional charges, such as charges for extended or remote area delivery or any optional services. Please see Additional Services & Charges for more details. For more information, contact your local UPS office.

## Tax

These rates are exclusive of tax. Where applicable, tax will be charged at the standard rate.

## UPS Express Boxes

The UPS 10kg and UPS 25kg Express Box can be obtained by calling UPS Customer Service. Our representative can assist you with the completion of the UPS Waybill and any required export documentation.

A commercial invoice is required. The information on the invoice will be used to determine any applicable duty and/or tax charged by the destination country.

## UPS Express Envelope

For correspondence, documents and electronic media only.

## Letter weight limit

Letter rates apply for international documents, correspondence and electronic media shipments that do not exceed 0.5 kg sent in a UPS Express® Envelope. Import and export letters above 0.5kg and less than or equal to 5.0kg will be billed the document rate. Import and export letters above 5.0kg will be billed the package rate.

## Maximum weight

The maximum weight for an individual package is 70kg. To determine the rate for a shipment with multiple packages weighing in total more than 70kg, multiply the total weight (rounded up to the next whole kilogram) by the appropriate price per kilogram shown. The amount billed will be the result of the calculation, or the minimum rate shown, whichever is the greater.

## How to determine dimensional weight - for small package shipments

$$\frac{L \times W \times H}{5000} = \text{Dimensional weight}$$

L = Length in cm

W = Width in cm

H = Height in cm

## Billable weight - for UPS Worldwide Express Freight shipments

Compare the freight shipment's actual weight and dimensional weight. Whichever is the greatest of the two will be the billable weight and should be used when calculating the rate. The amount billed will be the result of the calculation, or the minimum rate shown, whichever is the greatest. For multi-piece shipments, the billable weight is determined by summing each pallet's rounded actual or dimensional weight, whichever is greater.

1. Determine actual weight and round up any fraction of a kilogram to the next whole kilogram.

2. Determine dimensional weight by multiplying the item's length by the width by the height. For each dimension, measure the largest distance, rounding each measurement to the nearest whole number.

The result is the cubic size. Divide the cubic size by 5000. Round up any fraction of a kilogram to the next whole kilogram.

# UPS Rates - Sending (Export)

# UPS WW Express Saver

Determining the weight of the shipment - Export

Currency: QAR

Sub Origin: Qatar

## Billable weight - for small package shipments

Billable weight is the weight used to calculate the rate. For domestic and international services, the billable weight will be the greater of the dimensional weight as compared to the actual weight.

## How To Calculate Billable Weight

Determine Actual Weight: Use any standard scale to determine the actual weight of your package.

Increase any fraction to the next half kilogram.

Determine Dimensional Weight: Divide the cubic size of your package (length x width x height, rounding each measurement to the nearest whole centimetre) in centimetres by 5,000. Refer to the figure at the bottom of this page. Increase any fraction to the next half kilogram.

Determine Billable Weight: Compare the package's actual weight to its dimensional weight. The larger of the two weights is the billable weight and should be used to calculate the rate.

For multiple-package shipments, total the billable weight of all packages in the shipment.

## Additional charges

These rates are exclusive of any additional charges, such as charges for extended or remote area delivery or any optional services. Please see Additional Services & Charges for more details. For more information, contact your local UPS office.

## Tax

These rates are exclusive of tax. Where applicable, tax will be charged at the standard rate.

## UPS Express Boxes

The UPS 10kg and UPS 25kg Express Box can be obtained by calling UPS Customer Service. Our representative can assist you with the completion of the UPS Waybill and any required export documentation.

A commercial invoice is required. The information on the invoice will be used to determine any applicable duty and/or tax charged by the destination country.

## UPS Express Envelope

For correspondence, documents and electronic media only.

## Letter weight limit

Letter rates apply for international documents, correspondence and electronic media shipments that do not exceed 0.5 kg sent in a UPS Express® Envelope. Import and export letters above 0.5kg and less than or equal to 5.0kg will be billed the document rate. Import and export letters above 5.0kg will be billed the package rate.

## Maximum weight

The maximum weight for an individual package is 70kg. To determine the rate for a shipment with multiple packages weighing in total more than 70kg, multiply the total weight (rounded up to the next whole kilogram) by the appropriate price per kilogram shown. The amount billed will be the result of the calculation, or the minimum rate shown, whichever is the greater.

## How to determine dimensional weight - for small package shipments

$$\frac{L \times W \times H}{5000} = \text{Dimensional weight}$$

L = Length in cm

W = Width in cm

H = Height in cm

## Billable weight - for UPS Worldwide Express Freight shipments

Compare the freight shipment's actual weight and dimensional weight. Whichever is the greatest of the two will be the billable weight and should be used when calculating the rate. The amount billed will be the result of the calculation, or the minimum rate shown, whichever is the greatest. For multi-piece shipments, the billable weight is determined by summing each pallet's rounded actual or dimensional weight, whichever is greater.

1. Determine actual weight and round up any fraction of a kilogram to the next whole kilogram.

2. Determine dimensional weight by multiplying the item's length by the width by the height. For each dimension, measure the largest distance, rounding each measurement to the nearest whole number.

The result is the cubic size. Divide the cubic size by 5000. Round up any fraction of a kilogram to the next whole kilogram.

Determining the weight of the shipment - Export								Currency: QAR
Sub Origin: Qatar		Zone						
Packages	1	2	201	3	4	5	6	
<b>Billable weight - for small package shipments</b>								
Billable weight is the weight used to calculate the rate. For domestic and international services, the billable weight will be the greater of the dimensional weight as compared to the actual weight.								
<b>How To Calculate Billable Weight</b>								
Determine Actual Weight: Use any standard scale to determine the actual weight of your package. Increase any fraction to the next half kilogram.								
Determine Dimensional Weight: Divide the cubic size of your package (length x width x height, rounding each measurement to the nearest whole centimetre) in centimetres by 5,000. Refer to the figure at the bottom of this page. Increase any fraction to the next half kilogram.								
Determine Billable Weight: Compare the package's actual weight to its dimensional weight. The larger of the two weights is the billable weight and should be used to calculate the rate.								
For multiple-package shipments, total the billable weight of all packages in the shipment.								
<b>Additional charges</b>								
These rates are exclusive of any additional charges, such as charges for extended or remote area delivery or any optional services. Please see Additional Services & Charges for more details. For more information, contact your local UPS office.								
<b>Tax</b>								
These rates are exclusive of tax. Where applicable, tax will be charged at the standard rate.								
<b>UPS Express Boxes</b>								
The UPS 10kg and UPS 25kg Express Box can be obtained by calling UPS Customer Service. Our representative can assist you with the completion of the UPS Waybill and any required export documentation.								
A commercial invoice is required. The information on the invoice will be used to determine any applicable duty and/or tax charged by the destination country.								
<b>UPS Express Envelope</b>								
For correspondence, documents and electronic media only.								
<b>Letter weight limit</b>								
Letter rates apply for international documents, correspondence and electronic media shipments that do not exceed 0.5 kg sent in a UPS Express® Envelope. Import and export letters above 0.5kg and less than or equal to 5.0kg will be billed the document rate. Import and export letters above 5.0kg will be billed the package rate.								
<b>Maximum weight</b>								
The maximum weight for an individual package is 70kg. To determine the rate for a shipment with multiple packages weighing in total more than 70kg, multiply the total weight (rounded up to the next whole kilogram) by the appropriate price per kilogram shown. The amount billed will be the result of the calculation, or the minimum rate shown, whichever is the greater.								
<b>How to determine dimensional weight - for small package shipments</b>								
$\frac{L \times W \times H}{5000} = \text{Dimensional weight}$  <p>L = Length in cm W = Width in cm H = Height in cm</p>

<b>Billable weight - for UPS Worldwide Express Freight shipments</b>								
Compare the freight shipment's actual weight and dimensional weight. Whichever is the greatest of the two will be the billable weight and should be used when calculating the rate. The amount billed will be the result of the calculation, or the minimum rate shown, whichever is the greatest. For multi-piece shipments, the billable weight is determined by summing each pallet's rounded actual or dimensional weight, whichever is greater.								
1. Determine actual weight and round up any fraction of a kilogram to the next whole kilogram.								
2. Determine dimensional weight by multiplying the item's length by the width by the height. For each dimension, measure the largest distance, rounding each measurement to the nearest whole number. The result is the cubic size. Divide the cubic size by 5000. Round up any fraction of a kilogram to the next whole kilogram.								
weight	71 - 99 kg	43.20	67.30	81.50	88.10	95.00	101.90	113.70
100 - 299 kg	42.30	65.90	79.80	86.30	93.10	99.80	111.40	
300 - 499 kg	41.40	64.50	78.20	84.50	91.20	97.80	109.10	
500 - 999 kg	40.50	63.20	76.60	82.80	89.30	95.80	106.90	
1000 kg or more	39.60	61.90	75.00	81.10	87.50	93.80	104.70

## Billable weight – for small package shipments

Billable weight is the weight used to calculate the rate. For domestic and international services, the billable weight will be the greater of the dimensional weight as compared to the actual weight.

### How To Calculate Billable Weight

**Determine Actual Weight:** Use any standard scale to determine the actual weight of your package.

**Increase any fraction to the next half kilogram.**  
**Determine Dimensional Weight:** Divide the cubic size of your package (length x width x height, rounding each measurement to the nearest whole centimetre) in centimetres by 5,000. Refer to the figure at the bottom of this page. Increase any fraction to the next half kilogram.

**Determine Billable Weight:** Compare the package's actual weight to its dimensional weight. The larger of the two weights is the billable weight and should be used to calculate the rate.

For multiple-package shipments, total the billable weight of all packages in the shipment.

### Additional charges

These rates are exclusive of any additional charges, such as charges for extended or remote area delivery or any optional services. Please see Additional Services & Charges for more details. For more information, contact your local UPS office.

### Tax

These rates are exclusive of tax. Where applicable, tax will be charged at the standard rate.

### UPS Express Boxes

The UPS 10kg and UPS 25kg Express Box can be obtained by calling UPS Customer Service. Our representative can assist you with the completion of the UPS Waybill and any required export documentation.

A commercial invoice is required. The information on the invoice will be used to determine any applicable duty and/or tax charged by the destination country.

### UPS Express Envelope

For correspondence, documents and electronic media only.

### Letter weight limit

Letter rates apply for international documents, correspondence and electronic media shipments that do not exceed 0.5 kg sent in a UPS Express® Envelope. Import and export letters above 0.5kg and less than or equal to 5.0kg will be billed the document rate. Import and export letters above 5.0kg will be billed the package rate.

### Maximum weight

The maximum weight for an individual package is 70kg. To determine the rate for a shipment with multiple packages weighing in total more than 70kg, multiply the total weight (rounded up to the next whole kilogram) by the appropriate price per kilogram shown. The amount billed will be the result of the calculation, or the minimum rate shown, whichever is the greater.

### How to determine dimensional weight - for small package shipments

$$\frac{L \times W \times H}{5000} = \text{Dimensional weight}$$

L = Length in cm

W = Width in cm

H = Height in cm

## Billable weight – for UPS Worldwide Express Freight shipments

# UPS Rates - Receiving (Import) UPS WW Express Saver

Determining the weight of the shipment - Import

Currency: QAR

Sub Origin: Qatar

## Billable weight – for small package shipments

Billable weight is the weight used to calculate the rate. For domestic and international services, the billable weight will be the greater of the dimensional weight as compared to the actual weight.

### How To Calculate Billable Weight

**Determine Actual Weight:** Use any standard scale to determine the actual weight of your package.

**Increase any fraction to the next half kilogram.**  
**Determine Dimensional Weight:** Divide the cubic size of your package (length x width x height, rounding each measurement to the nearest whole centimetre) in centimetres by 5,000. Refer to the figure at the bottom of this page. Increase any fraction to the next half kilogram.

**Determine Billable Weight:** Compare the package's actual weight to its dimensional weight. The larger of the two weights is the billable weight and should be used to calculate the rate.

For multiple-package shipments, total the billable weight of all packages in the shipment.

### Additional charges

These rates are exclusive of any additional charges, such as charges for extended or remote area delivery or any optional services. Please see Additional Services & Charges for more details. For more information, contact your local UPS office.

### Tax

These rates are exclusive of tax. Where applicable, tax will be charged at the standard rate.

### UPS Express Boxes

The UPS 10kg and UPS 25kg Express Box can be obtained by calling UPS Customer Service. Our representative can assist you with the completion of the UPS Waybill and any required export documentation.

A commercial invoice is required. The information on the invoice will be used to determine any applicable duty and/or tax charged by the destination country.

### UPS Express Envelope

For correspondence, documents and electronic media only.

### Letter weight limit

Letter rates apply for international documents, correspondence and electronic media shipments that do not exceed 0.5 kg sent in a UPS Express® Envelope. Import and export letters above 0.5kg and less than or equal to 5.0kg will be billed the document rate. Import and export letters above 5.0kg will be billed the package rate.

### Maximum weight

The maximum weight for an individual package is 70kg. To determine the rate for a shipment with multiple packages weighing in total more than 70kg, multiply the total weight (rounded up to the next whole kilogram) by the appropriate price per kilogram shown. The amount billed will be the result of the calculation, or the minimum rate shown, whichever is the greater.

### How to determine dimensional weight - for small package shipments

$$\frac{L \times W \times H}{5000} = \text{Dimensional weight}$$

L = Length in cm

W = Width in cm

H = Height in cm

## Billable weight – for UPS Worldwide Express Freight shipments

Compare the freight shipment's actual weight and dimensional weight. Whichever is the greatest of the two will be the billable weight and should be used when calculating the rate. The amount billed will be the result of the calculation, or the minimum rate shown, whichever is the greatest.

For multi-piece shipments, the billable weight is determined by summing each pallet's rounded actual or dimensional weight, whichever is greater.

1. Determine actual weight and round up any fraction of a kilogram to the next whole kilogram.  
2. Determine dimensional weight by multiplying the item's length by the width by the height. For each dimension, measure the largest distance, rounding each measurement to the nearest whole number. The result is the cubic size. Divide the cubic size by 5000. Round up any fraction of a kilogram to the next whole kilogram.

# What optional services are available from UPS?

Determining the weight of the shipment - Import		
Service	Description	Fee
<b>Proof of Delivery (POD)</b>	Ideal for customers without internet access. Upon request, UPS will provide proof of delivery of your shipment via fax or post.	QAR 20 billed to the requester for each letter or fax.
<b>Declared Value for Carriage</b>	UPS automatically protects every shipment against loss or damage, up to a certain value. With Declared Value for Carriage, you may increase UPS's limit of liability for proven losses by declaring a higher value for carriage on the UPS shipping documentation. The value of the goods declared shall not in any event exceed USD 50,000 or its local currency equivalent per package. Refer to UPS's Terms and Conditions of Carriage for more information.	1% of the value of the goods declared for carriage or a minimum of QAR 25.
<b>Friday Delivery*</b>	For time-critical shipments, UPS offers the convenience of Friday Delivery. This service comes with all the features you would expect from UPS, including full electronic tracking and proof of delivery. Please contact your local UPS office for service availability.	QAR 720 per or QAR 1 per kg whichever is higher per delivery will be charged in addition to shipping costs.
<b>Disbursement Fee</b>	Customers are responsible for payment of duty and taxes. UPS may prepay duties, taxes and other government charges on behalf of the payer. A fee will be charged based on the advanced amount.	2% of the advanced amount or QAR 55 per shipment, whichever is greater. A fixed Administration charge of QAR 45 per shipment is applicable in addition to disbursement per shipment
<b>Direct Delivery</b>	Direct Delivery Only ensures a package is delivered to the address on the shipping label. Packages shipped with Direct Delivery Only may not be re-routed, re-directed or delivered to an alternate address. Direct Delivery Only packages are eligible for Driver release or Letter box release at the labeled address. Direct Delivery Only is available for residential and commercial packages.	QAR 8 per package in addition to relevant shipping costs.
<b>UPS Returns Plus</b>		
<b>UPS 1 Attempt Returns Plus</b>	Allows you to request a collection for the prompt return of a package. A UPS driver will make one attempt to collect the return package. If unable to collect the package, our driver will leave the label for your customer. The customer will then apply the label to the package and take it to a UPS location or contact UPS for a collection. For service availability please see notes below.	QAR 22.00 per package in addition to the relevant receiving shipping costs.
<b>UPS 3 Attempts Returns Plus</b>	Allows you to request a collection for the prompt return of a package. The UPS driver will attempt to collect your package for three consecutive business days. If, by the third attempt, the driver is still unsuccessful in collecting the shipment, the label will be returned to UPS and you will have to reprocess the service request. For service availability please see notes below.	QAR 26.50 per package in addition to the relevant receiving shipping costs.
<b>UPS Returns<sup>1</sup></b>		
<b>UPS Prints and Posts Return Label</b>	UPS prints and posts return labels to your customer. This is suitable for a variety of circumstances such as product recalls. Once applied, your customer can arrange a collection with UPS. For service availability please see notes below.	QAR 15.50 per package in addition to the relevant receiving shipping costs.
<b>UPS Print Return Label</b>	Enables you to generate a label and include it in an outbound shipment to over 100 countries worldwide. You may also distribute the labels separately after your shipment has been sent. Customers then simply apply the label to their package and arrange a collection with UPS. For service availability, please call your local UPS office or visit <a href="http://www.ups.com/qa">www.ups.com/qa</a>	QAR 4.20 per package in addition to relevant shipping costs.
<b>Electronic Label</b>	Create digital shipping labels and commercial invoices, all of which can be conveniently emailed to your exporters.	QAR 5.50 per package in addition to relevant shipping costs.
<b>UPS Import Control<sup>2</sup></b>		
<b>Print Label</b>	Create shipping labels and commercial invoices for your exporters, effectively allowing you to specify UPS service and shipment characteristics and take control of costs and timing.	Free of charge aside from relevant shipping costs.
<b>Electronic Label</b>	Create digital shipping labels and commercial invoices, all of which can be conveniently emailed to your exporters.	QAR 5.50 per package in addition to relevant shipping costs.
<b>Prints and Posts Label</b>	UPS will create and post shipping labels and commercial invoices to your exporters.	QAR 15.50 per package in addition to relevant shipping costs.
<b>UPS 1 Attempt Returns Plus</b>	Send shipping labels and commercial invoices to UPS, who will then make one attempt to collect the package. If unable to collect the package, our driver will leave the documents for your exporter.	QAR 22.00 per package in addition to relevant shipping costs.
<b>UPS 3 Attempts Returns Plus</b>	Send shipping labels and commercial invoices to UPS, who will then make three attempts to collect the package. If our driver is unable to collect the package after the third attempt, the documents will be returned to UPS and you will have to reprocess the service request.	QAR 26.50 per package in addition to the relevant receiving shipping costs.

## Notes

All charges for our additional and optional services are shown exclusive of taxes. Where applicable, VAT will be chargeable at the standard rate.

For any other service offerings in addition to the above please call our Customer Service on 40119600.

<sup>1</sup> For domestic return shipments, the entire return process can be handled with just the return label. There is no contract with the returning party.

Shipments to or from countries outside the EU require both a return label and a commercial invoice in order for the shipment to pass smoothly through customs. Regulations and requirements for documentation for individual commodities vary from country to country. It is essential to review commodity-specific documentation stipulations for both the country of origin and the country of destination. Depending on the commodity and its use, special licensing and notations for accompanying documentation may be required.

If the international shipment is returned to a different country than where the requesting party resides, a customer contract will be required.

All UPS Returns are subject to UPS's Terms and Conditions of Carriage.

<sup>2</sup> UPS Import Control is available as an option on UPS shipping systems. Please contact your local UPS representative for more information.

\*Subject to availability. Please confirm with the customer service.

# What additional costs might apply to your shipment?

Optional and Additional Services		
Charge	Description	Fee
<b>Fuel Surcharge</b>	<p>In the event of a change in fuel prices, UPS may add or modify a surcharge on rates by an amount it may reasonably consider to reflect the consequential increase in its direct operating costs.</p> <p>UPS uses an index-based surcharge determined by the U.S. Gulf Coast (USGC) price for kerosene-type jet fuel reported by the U.S. Energy Information Administration (EIA) two weeks prior to the first Monday of each month, rounded to the nearest cent.</p>	<p>This charge applies to shipping charges and the following additional services:</p> <ul style="list-style-type: none"> <li>■ Saturday delivery</li> <li>■ Large Package Surcharge</li> </ul> <p>This surcharge is adjusted monthly. Changes to the surcharge will be effective on the first Monday of each month. The latest details concerning any fuel surcharge applicable are available at <a href="http://www.ups.com">www.ups.com</a>.</p>
<b>Extended Area and Remote Area Collection and Delivery Service</b>	<p>UPS will apply a surcharge for any collections or deliveries to areas considered an extension of the normal UPS service area. Depending on the ease of accessibility, these locations served are classified as either an extended area or a remote area.</p> <p>For information on whether this charge applies to a specific location, please refer to <a href="http://www.ups.com">www.ups.com</a> or call to your local UPS office.</p>	<p>For service to an extended area, the following will be added to the shipping charges: QAR 2.00 per kilogram or a minimum of QAR 91.00 per international shipment. For service to a remote area, an amount of QAR 3.00 per kilogram or a minimum of QAR 114.00 per shipment, whichever is the greater, will be added to the shipping charges.</p>
<b>Address Correction</b>	<p>If a mistake has been made in the address and the correct address is within the same destination country, UPS will make every reasonable effort to find the correct address and deliver the shipment.</p>	<p>QAR 25 per shipment will be billed to the shipper in addition to the shipping costs.</p>
<b>Special Handling of Undeliverable Shipments</b>	<p>For domestic shipments, when UPS has taken measures to try to deliver the shipment but has been unsuccessful, UPS will automatically return the shipment by our UPS Express Saver service (where available). The payer of the original charges will also pay for the return charges. Transportation and fuel charges will apply for the return.</p> <p>For international shipments, when UPS has taken measures to try to deliver the shipment but has been unsuccessful, UPS will contact the shipper and process the shipment upon instructions. The shipping costs and a surcharge will be charged to the shipper for the processing of each such undeliverable shipment.</p>	<p>Applicable receiving shipping costs.</p> <p>QAR 20 per undeliverable shipment will be charged in addition to the shipping costs. applicable duties and taxes, and the customs processing fee of USD 100.</p>
<b>Receiver/Third Party Refuses to Pay</b>	<p>This charge applies when the shipper selects the receiver or a third party to pay the shipping charges and the bill-to party refuses to pay.</p>	<p>QAR 36.50 per shipment will be charged to the shipper in addition to the shipping charges and other amounts payable when non-payment occurs.</p>
<b>Currency Conversion</b>	<p>Charges to a payer's account in a foreign currency will be converted to the payer's currency using a weekly exchange rate secured through major money centre banks.</p>	<p>In addition, an exchange fee equal to 1% of the amount converted will apply.</p>
<b>Duty and Tax Forwarding Charge</b>	<p>For shipments when the payer of duties and taxes is not located in the destination country.</p>	<p>QAR 55 will be billed to the party who pays the shipping charges.</p>
<b>Additional Handling Charge</b>	<p>Additional handling is required, and the Additional Handling Charge applies, for the following:</p> <ul style="list-style-type: none"> <li>■ Any article that is encased in an outside shipping container made of metal or wood</li> <li>■ Any cylindrical item, such as a barrel, drum, pail, or tyre, that is not fully encased in a corrugated cardboard shipping container</li> <li>■ Any package with the longest side exceeding 122cm or its second-longest side exceeding 76cm</li> <li>■ Any package with an actual weight greater than 32kg</li> <li>■ Each package in a shipment where the average weight per package is greater than 32kg and the weight for each package is not specified on the source document or the UPS automated shipping system used</li> </ul> <p>UPS also reserves the right to assess the Additional Handling Charge for any package that, in UPS's sole discretion, requires special handling. The Additional Handling Charge will not be assessed when a Large Package Surcharge is applied.</p>	<p>QAR 12 per package will be billed in addition to the shipping costs.</p>
<b>Large Package Surcharge</b>	<p>A package is considered a "Large Package" when its length plus girth [girth = (2 x width) + (2 x height)] combined exceeds 330cm, but does not exceed the maximum UPS size of 419cm. Large Packages are subject to a minimum billable weight of 40kg. In addition, the Large Package Surcharge will be applied.</p>	<p>QAR 172 per package will be billed in addition to the shipping costs.</p>
<b>Over Maximum Limits</b>	<p>Packages with an actual weight of more than 70kg, or that exceed 270cm in length, or exceed a total of 419cm in length and girth combined [girth = (2 x width) + (2 x height)], are not accepted for transportation. If found in the UPS small package system, they are subject to an additional charge. Packages exceeding 419cm in length and girth combined are also subject to the Large Package Surcharge.</p>	<p>QAR 172 per package will be billed in addition to the shipping costs.</p>
<b>Oversize pallet Charge</b>	<p>Depending on origin and destination, this surcharge may apply to certain UPS Worldwide Express freight shipments. To determine if a particular origin or destination has overweight pallet limit please visit <a href="http://www.ups.com/worldwideexpressfreight">www.ups.com/worldwideexpressfreight</a></p>	<p>QAR 390 per pallet will be billed in addition to the shipping cost</p>

## Notes

All charges for our additional and optional services are shown exclusive of taxes. Where applicable, VAT will be chargeable at the standard rate.

# UPS Packing Solutions

## UPS Express Envelope

---	--	---	------------------------------------	----------------------------

# UPS Terms and Conditions of Carriage

This is the current version as at the date of publication of this Guide. The latest version, which shall always be the applicable one for new shipments, may be found at [www.ups.com](http://www.ups.com) or obtained from a UPS Office.

## 1. Introduction

- A. These terms and conditions ("terms") set out the basis on which UPS will transport packages, documents and envelopes ("packages") and palletised goods ("pallets"; pallets and packages are together "shipments"). These terms are supplemented by the current applicable UPS Service and Tariff Guides ("the Guides"). The Guides contain important details about the services of UPS which the shipper should read and which form part of the agreement between UPS and the shipper.
- B. The term "UPS" will mean and the shipper's contract will be with the UPS authorised service contractor, or the UPS entity if existing, in the country where the shipment is presented for carriage, who may be contacted c/o 5 Avenue Ariane, 1200 Brussels, Belgium (although this shall not be taken in itself as choosing domicile or conferring jurisdiction on any court). That company will also be the (first) carrier of the goods for the purposes of the Conventions referred to in paragraph C.
- C. Where carriage by air involves an ultimate destination or stop outside the country of origin the Warsaw Convention may apply. The Warsaw Convention governs and in most cases limits the liability of carriers in respect of loss of or damage or delay to cargo. (For the purpose of these terms the phrase "the Warsaw Convention" means (i) the Convention for the Unification of Certain Rules Relating to International Carriage by Air signed at Warsaw on 12th October 1929 or (ii) that Convention as amended or supplemented by any protocol or supplementary convention or (iii) the Montreal Convention 1999, whichever is applicable.) Notwithstanding any clause to the contrary, international carriage by road may be subject to the provisions of the Convention on the Contract for the International Carriage of Goods by Road signed at Geneva on 19th May 1956 ("the CMR Convention").
- D. A shipment may be carried via any intermediate stopping places that UPS deems appropriate. UPS may engage sub-contractors to perform services and contracts both on its own behalf and on behalf of its servants, agents and sub-contractors each of whom shall have the benefit of these terms.
- E. In these terms, "Waybill" shall mean a single UPS waybill/consignment note or the entries recorded against the same date, address and service level on a pick-up record. All packages or pallets covered under a Waybill shall be considered a single shipment.

## 2. Scope of Service

Unless any special services are agreed, and subject to these terms, the service to be provided by UPS is limited to the collection, transportation, customs clearance where applicable, and delivery of the shipment. Shipments will be consolidated with those of other shippers for transport and UPS may not monitor the inbound and outbound movement of individual shipments at all handling centres. UPS is not a common carrier and reserves the right in its absolute discretion to refuse carriage to any shipment tendered to it for transportation.

## 3. Conditions of Carriage

This section sets out various restrictions and conditions which apply to the carriage of shipments by UPS. It also explains what the consequences are of the shipper presenting shipments for carriage which do not meet these requirements.

### 3.1 Service Restrictions and Conditions

Shipments must comply with the restrictions in paragraphs (i) to (v) below.

- (i) Packages must not weigh more than 31.5 kilograms (or 70 lbs) or 70 kilograms (or 150 lbs) (depending on the country where the shipment is presented to UPS for carriage and the country of destination, as specified in the Guides) or exceed 274 centimetres (or 108 inches) in length or a total of 419 centimetres (or 165 inches) in length and girth combined. Pallets are subject to maximum size and weight limits that vary by origin and destination, and that are set out at [www.ups.com](http://www.ups.com).
- (ii) The value of any package may not exceed the local currency equivalent of USD 50,000. In addition the value of any jewellery and watches, other than costume jewellery or costume watches, in a package shall not exceed the local currency equivalent of

USD 500. The value of any pallet may not exceed the local currency equivalent of USD 100,000.

- (iii) Shipments must not contain any of the prohibited articles listed in the Guides including (but not limited to) articles of unusual value (such as works of art, antiques, precious stones, stamps, unique items, gold or silver), money or negotiable instruments (such as cheques, bills of exchange, bonds, savings books, pre-paid credit cards, share certificates or other securities), firearms and dangerous goods.
- (iv) Shipments must not contain goods which might endanger human or animal life or any means of transportation, or which might otherwise taint or damage other goods being transported by UPS, or the carriage, export or import of which is prohibited by applicable law.
- (v) Pallets must be palletized, stackable, able to be lifted by forklift, and shrink-wrapped or banded to a skid.

The shipper shall be responsible for the accuracy and completeness of the particulars inserted in the Waybill and for ensuring that all shipments set out adequate contact details for the shipper and receiver of the shipment and that they are so packed, marked and labelled, their contents so described and classified and are accompanied by such documentation as may (in each case) be necessary to make them suitable for transportation and to comply with the requirements of the Guides and applicable law. Unless a different service level is clearly selected on the Waybill or other applicable UPS shipping documentation, shipments will be carried under the Express (or Express Freight) service (where available to the selected destination) and all applicable charges will be calculated accordingly.

The shipper guarantees that all shipments presented for carriage under these terms comply with the restrictions in paragraphs (i) to (v) above and have been prepared in secure premises, by him (in the case of an individual shipper) or by reliable staff employed by him or (where different) by the party tendering the shipment to UPS and have been protected against unauthorised interference during their preparation, storage and transportation to UPS. UPS relies on this guarantee in accepting any shipment for carriage hereunder.

- 3.2 Perishable and temperature sensitive goods will be transported provided that the shipper accepts that this is at its risk. UPS does not provide special handling for such shipments.
- 3.3 Refusal and Suspension of Carriage

- (i) If it comes to the attention of UPS that any shipment does not meet any of the above restrictions or conditions or that any COD amount stated on a COD Waybill exceeds the limits specified in paragraph 8, UPS may refuse to transport the relevant shipment (or any relevant part thereof) and, if carriage is in progress, UPS may suspend carriage and hold the shipment (or any relevant part thereof) to the shipper's order.
- (ii) UPS may also suspend carriage if it cannot effect delivery, if the receiver refuses to accept delivery, if it is unable to effect delivery because of an incorrect address (having used all reasonable means to find the correct address) or because the correct address is found to be in another country from that set out on the shipment or Waybill or if it cannot collect amounts due from the receiver on delivery.
- (iii) Where UPS is entitled to suspend carriage of shipment (or any relevant part thereof), it is also entitled to return it to the shipper at its own reasonable discretion.

- 3.4 The shipper must pay and indemnify UPS for any reasonable costs and expenses (including storage) incurred by UPS, for such losses, taxes and customs duties as UPS may incur, and for all claims made against UPS because a shipment does not meet any of the restrictions, conditions or representations in paragraph 3.1 above or because of any refusal or suspension of carriage or return of a shipment (or any relevant part thereof)

by UPS which is allowed by this paragraph 3. In the case of the return of a shipment (or part thereof), the shipper will also be responsible for paying all applicable charges calculated in accordance with the prevailing commercial rates of UPS.

- 3.5 If the shipper tenders to UPS a shipment which fails to comply with any of the restrictions or conditions in paragraph 3.1 above without UPS's express written consent, UPS will not meet any loss howsoever arising which the shipper may suffer in connection with the carriage by UPS of such shipment (regardless of whether that failure to comply has caused or contributed to the loss and notwithstanding any negligence, except wilful misconduct, of UPS or any negligence, including wilful misconduct, of its employees, contractors or representatives) and, if UPS does suspend carriage for a reason allowed by these terms, the shipper shall not be entitled to any refund on the carriage charges it has paid. UPS may bring a claim in respect of such non-compliance.
- 3.6 If, having suspended carriage of a shipment (or any relevant part thereof) in accordance with these provisions, UPS is unable within a reasonable time to obtain the shipper's instructions on its disposition or to identify the shipper or any other person entitled to the goods (having if necessary opened the shipment), UPS shall be entitled to destroy or sell the shipment (or any relevant part thereof), at its reasonable discretion. The proceeds of any such sale shall first be applied to any charges, costs or expenses (including interest) outstanding in respect of shipment or otherwise from the shipper concerned. Any balance shall be held to the shipper's order.
- 3.7 UPS reserves the right, but is not obliged, to open and inspect or scan by means of x-ray any shipment tendered to it for transportation at any time.

## 4. Customs Clearance

When a shipment requires customs clearance, it is the shipper's obligation to provide, or to ensure that the receiver will provide, UPS with complete and accurate documentation for that purpose but UPS will, unless instructed otherwise, act on behalf, at the expense and at the risk of the shipper or receiver in obtaining customs clearance. Provided that, in the case of shipments whose points of dispatch and destination are both within the same customs area, UPS only performs customs clearance if instructed to do so. UPS may be considered as being the receiver of the package or the shipment for the sole purpose of appointing a customs broker to carry out any customs clearance, in so far as allowed by law.

## 5. Payment

- 5.1 The rates for carriage and other services are set out in the Guides and unless paid before shipment, all charges must be paid within 7 days of receipt of invoice or within such other period as the shipper may have agreed in writing with UPS. UPS may verify the actual and/or dimensional weight of shipments and, if greater than the declared weight, invoice on such basis. Unless proved otherwise, an invoice shall be considered for this purpose to have been received three business days following the date of invoice.
- 5.2 If (a) UPS is required to pay any taxes, duties or levies on behalf of the shipper, receiver or a third party, (b) the selected billing option indicates that the receiver or a third party should pay any charges, or (c) any taxes, duties, penalties, charges or expenses are imposed on UPS, rightly or wrongly by government authorities, or incurred by UPS due to any circumstances, including any failure by the shipper or the receiver to provide correct information and documentation or any permits or licences required in connection with carriage, the shipper shall be jointly and severally liable to UPS with the receiver and such third parties for such amounts. In each such case (without prejudice to the shipper's contractual liability for payment) UPS will first demand payment of the relevant amount from the receiver and/or, where applicable, the third party. If the amount in question is not immediately paid to UPS in full by any of the above parties, the amount will be payable by the shipper on first written demand. UPS shall not be obliged to separately file a claim against the receiver or any third party for payment. In case of doubt, the burden of proving that the amount has been paid lies on the shipper.
- 5.3 Any sum payable to UPS which is overdue will bear interest at a rate of 2% above the interbank

overnight lending rate applicable on the due date in the country where the package is presented to UPS for carriage from the due date to the date UPS receives payment whether before or after judgment. In addition, UPS reserves the right to charge a late payment administration fee up to a maximum of the local currency equivalent of 15 EUR per invoice.

5.4 If any sum is not paid by the shipper, receiver or some other party under these terms, UPS may hold any shipments it is carrying (or part thereof) until it receives payment in full or may sell them and use the proceeds to make good the debt to it in accordance with applicable local law. Any unpaid balance will remain payable.

5.5 UPS's rates for carriage set out in the Guide are calculated only for the carriage of shipments which do not exceed in value the amounts set out in paragraph 3.1(ii) (or other applicable value, if lower). In the event that UPS becomes aware that it has carried a shipment which, without UPS's express written consent, exceeds this value, then, in addition to the otherwise applicable rates and charges and any other remedies under these terms, an additional carriage charge equivalent to 5% of the value of the shipment in excess the relevant amount set out in paragraph 3.1(ii) is applicable.

#### 6. Interruption of Service

If UPS is unable to start or continue with carriage of the shipper's shipment for a reason beyond its control, UPS will not be in breach of its agreement with the shipper but UPS will take all steps that are reasonably practicable in the circumstances to commence or continue the carriage. Examples of events beyond UPS's control are disruption to air or ground transportation due to bad weather, fire, flood, war, hostilities, civil disturbances, acts of government or other authorities (including without limitation, customs) and labour disputes or obligations affecting UPS or some other party.

#### 7. Moneyback Guarantee

For certain services and destinations, UPS offers a money back guarantee on the shipping charges. Details of its applicability, terms and conditions and of the corresponding delivery and latest pick up time for the relevant service and destination are as set out in the Guides and on the UPS website ([www.ups.com](http://www.ups.com)) each as current at the time the goods are accepted for carriage and can also be confirmed by contacting the shipper's local UPS call centre. For the avoidance of doubt, the liability of UPS under the money back guarantee is limited to the above and the guarantee does not otherwise constitute any form of undertaking or representation that the shipment will arrive by any particular time.

#### 8. Collect on Delivery (COD)

For certain destinations and services as advised by the local UPS call centre, UPS offers a COD service on payment of an additional charge as set out in the Guides. If the shipper makes use of this service, subject to the provisions set out below (including those relating to currency conversion) UPS will collect on behalf of the shipper the COD amount stated on the Waybill. This service is not available for pallets. COD amounts must be specified on the Waybill in either EUR or, if different, the currency of the country of destination. Where any of the COD amounts specified on the Waybill, collected from the receiver and/or paid to the shipper are in different currencies from each other, the conversion(s) will be made at such exchange rate(s) as UPS may reasonably determine. UPS does not accept responsibility for any currency exchange risks.

8.1 Cash COD – Where UPS is instructed on the Waybill in accordance with applicable UPS guidelines to accept cash only, UPS will collect only cash, in the currency of the country of destination. Where cash is collected, the maximum amount collectible in that form on behalf of a shipper shall be the local currency equivalent of USD 5,000 per receiver per day. Notwithstanding the previous rule, the amount collectible in cash on behalf of a shipper from receivers located in the following countries for COD shipments may not exceed the respective amounts per receiver per day: Belgium: EUR 3,000; Spain: EUR 2,499; Greece: EUR 1,500; Portugal EUR 1,000; Italy: EUR 999.99; France, EUR 750; Sweden: SEK 3000.

Further limitations may apply in certain countries from time to time; details of such limitations will be set out either in the Guide or at the UPS Website ([www.ups.com](http://www.ups.com)).

If the shipper specifies a COD amount that exceeds these limits, UPS will automatically be entitled to accept cheques for the whole or any part of that amount

8.2 Cheque COD – If the Waybill does not clearly (and in accordance with applicable UPS guidelines)

instruct UPS to accept only cash, UPS may accept payment either in cash (Subject to the restrictions in paragraph 8.1) or by any kind of cheque made out to the shipper that is recognised in the country of destination of the shipment. Where UPS accepts cheques the maximum amount collectible in any form shall not exceed the equivalent of USD 50,000 per package (or other applicable value, if lower). Where UPS is permitted to accept a cheque, it may collect a cheque denominated in either EUR or, if different, the local currency of the country of destination.

8.3 Payment of Collected COD Amounts – Where UPS collects cash, UPS will pay to the shipper an equivalent amount in the local currency of the country where the shipment was presented to UPS for transportation. UPS may make such payments of COD amounts by either wire transfer to any bank account notified to UPS by the shipper or issuing a cheque in favour of the shipper.

Any cheques in favour of the shipper, issued either by UPS as set out above or by the receiver and collected by UPS pursuant to paragraph 8.2, may either be forwarded to the shipper by regular mail at the shipper's risk or handed over to the shipper or to any other person appearing to have authority to accept the cheque on the shipper's behalf.

8.4 In the event of non-receipt by the shipper of COD amounts, the shipper must notify UPS in writing within 45 days of the date of delivery of the shipment concerned.

8.5 The shipper will indemnify UPS for all losses, expenses and any claims made against UPS by the receiver or a third party, arising where UPS does not deliver a shipment because the receiver does not pay the COD amount in the appropriate form or refuses to accept the shipment.

8.6 To the maximum extent permitted by applicable law, the liability of UPS in respect of the amount to be collected shall not exceed either the applicable maximum amount collectible under these terms or the COD amount indicated on the Waybill, whichever is the lesser. Further, the COD amount shall not in any event exceed the value of the goods at their destination plus applicable carriage charges. For the avoidance of doubt, a COD amount does not constitute declaration of a value for the purpose of paragraph 9.4 or otherwise and therefore shall not affect the liability of UPS for any loss, damage or delay to the goods themselves.

To the maximum extent permitted by applicable law, UPS does not accept any responsibility for any dishonest or fraudulent acts on behalf of the receiver including, but not limited to, presenting a fraudulent cheque or one which is later dishonoured, or for cheques incorrectly completed by the receiver.

#### 9. Liability

9.1 Where the Warsaw or CMR Conventions or any national laws implementing or adopting these conventions apply (for convenience referred to as Convention Rules) or where (and to the extent that) other mandatory national law applies, the liability of UPS is governed by and will be limited according to the applicable rules.

9.2 Where Convention Rules or other mandatory national laws do not apply, UPS will only be liable for failure to act with reasonable care and skill and its liability shall be exclusively governed by these terms and (save in the case of personal injury or death) limited to proven damages of the local currency equivalent of USD 100 per shipment, unless a higher value has been declared by the shipper under paragraph 9.4 below.

9.3 If the claimant (or any person from whom he derives his right to claim) has caused or contributed to any loss, damage or delay to a package or pallet, any liability UPS may incur in respect thereof (limited as above) may be reduced or extinguished in accordance with the law applicable to such contributory negligence.

9.4 Subject to the provisions of paragraph 9.5, the shipper may obtain the benefit of a greater limit of liability than UPS provides under paragraph 9.2 above or than may be provided by Convention Rules or other mandatory national law. The shipper may do so by declaring a higher value on the Waybill and paying an additional charge as stated in the Guides. If the shipper declares a higher value for carriage and pays the applicable charge, then UPS's liability shall be limited to proven damages not exceeding the sum so declared. The value of the goods concerned shall not in any event exceed the limits specified in paragraph 3.1(ii).

9.5 Save where Convention Rules or other mandatory

national laws require otherwise, UPS does not accept responsibility for purely economic losses, such as the costs of any alternative means of transport, loss of profits, loss of business opportunities or loss of revenue resulting from loss of use, arising from any loss of or damage or delay to a shipment (or part thereof), whether or not a value has been declared in respect of the relevant shipment under paragraph 9.4. UPS shall not be liable for any damage to or loss of any packaging or pallet skids.

#### 10. Delivery

UPS may deliver a shipment to the receiver or to any other person appearing to have authority to accept the delivery of the shipment on the receiver's behalf (such as persons at the same premises as the receiver). If no such person is available, the package may be left in the receiver's letter box, if suitable, or delivered to a neighbour, unless the shipper has excluded such delivery options by using the applicable additional service. The receiver shall be informed of any alternate delivery arrangements (or redirection to a UPS Access Point®) by note left at their premises.

Notwithstanding the previous paragraph, and unless otherwise agreed with the shipper, UPS may apply any alternative delivery methods chosen by the receiver in accordance with the UPS My Choice® Service Terms or any other agreement between UPS and the receiver. Such alternative delivery methods include, without limitation, redirecting delivery of a package to an alternate address (including a UPS Access Point), authorizing the driver to leave a package at the receiver's premises, modifying a service selected by the shipper or rescheduling delivery. The receiver may receive delivery information regarding a package. The shipper expressly waives any claim it may have against UPS arising from UPS following any such instructions provided by the receiver. UPS may use an electronic device to obtain proof of delivery and the shipper agrees that it will not object to UPS relying on a printed copy of this as evidence merely on the grounds that the information concerned is obtained and stored in electronic form.

Save where Convention Rules or other mandatory national laws require otherwise, UPS accepts no responsibility in any circumstances to suspend carriage, redirect delivery (whether to a different receiver or address from that named on the Waybill) or return a shipment to its shipper and, in the event that UPS attempts to do so but fails, UPS shall have no liability for such failure.

#### 11. Data Protection

The shipper agrees that UPS and other companies in the UPS group of companies worldwide, including companies in countries which may not have the same level of data protection as the country where the shipment is presented to UPS for carriage, may use any data provided by the shipper to UPS for the purposes set forth in, and subject to, the UPS Privacy Notice published on UPS's web site at <http://www.ups.com/content/gb/en/resources/ship/terms/privacy.html> (hereby incorporated by reference into these terms). The shipper has certain rights under the law (exercisable by contacting UPS) to have access to, rectify, object to the use for direct marketing of, or delete personal data held by UPS about it.

#### 12. Claims Procedure – Prescription

All claims against UPS must be notified in writing as soon as reasonably practicable and in any event within 14 days of receipt in the case of damage (including partial loss of a shipment) and in the case of delay within 21 days of the goods being placed at the disposal of the person entitled to delivery and in the case of loss within 60 days of the goods being consigned with UPS for carriage. In addition, all claims against UPS in connection with any shipment shall be prescribed and barred by expiration of time, unless legal proceedings are brought and written notice of them is given to UPS within eight months after delivery of the goods concerned or, in the case of non-delivery, within eight months from the scheduled date for delivery. This term shall not affect any rights the shipper may have under Convention Rules or other mandatory national laws.

#### 13. Entire Agreement & Severability

It is the intention of UPS that all the terms of the contract between it and the shipper are contained in this document and in the Guides. If the shipper wishes to rely on any variation to these terms, it must ensure that that is recorded in writing and signed by the shipper and on behalf of UPS before the shipment is accepted for carriage by UPS. If any part of these terms are not enforceable, this will not affect the enforceability of any other part.

#### 14. Governing Law

These terms shall be governed by the laws of the country where the shipment is presented to UPS for carriage.
