REPORT ON REVIEW OF INTERIM CONDENSED CONSOLIDATED FINANCIAL STATEMENTS TO THE BOARD OF DIRECTORS OF GULF WAREHOUSING COMPANY (Q.P.S.C.)

Introduction

We have reviewed the accompanying interim condensed consolidated financial statements of Gulf Warehousing Company Q.P.S.C. (the "Company") and its subsidiaries (together referred to as the "Group"), as at 30 September 2019, which comprises of the interim consolidated statement of financial position as at 30 September 2019 and the related interim consolidated statements of profit or loss and other comprehensive income for the three and nine months period then ended, the interim consolidated statement of changes in equity and interim consolidated statement of cash flows for the nine month period then ended, and the related explanatory notes. The Board of Directors of the Company is responsible for the preparation and presentation of these interim condensed consolidated financial statements in accordance with IAS 34 *Interim Financial Reporting* ("IAS 34"). Our responsibility is to express a conclusion on these interim condensed consolidated financial statements based on our review.

Scope of Review

We conducted our review in accordance with the International Standard on Review Engagements 2410 "Review of Interim Financial Information Performed by the Independent Auditor of the Entity". A review of interim financial information consists of making inquiries, primarily of persons responsible for financial and accounting matters, and applying analytical and other review procedures. A review is substantially less in scope than an audit conducted in accordance with International Standards on Auditing. Consequently it does not enable us to obtain assurance that we would become aware of all significant matters that might be identified in an audit. Accordingly, we do not express an audit opinion.

Conclusion

Based on our review, nothing has come to our attention that causes us to believe that the accompanying interim condensed consolidated financial statements are not prepared, in all material respects, in accordance with IAS 34.

Other matter

The interim condensed consolidated financial statements as at and for the nine months ended 30 September 2018 were reviewed, and the consolidated financial statements as at and for the year ended 31 December 2018 were audited, by another auditor, whose review and audit reports dated 22 October 2018 and 16 January 2019 respectively, expressed an unmodified review conclusion and an unmodified audit opinion thereon.

Gulf Warehousing Company Q.P.S.C.

NOTES TO THE INTERIM CONDENSED CONSOLIDATED FINANCIAL STATEMENTS At 30 September 2019

1 CORPORATE INFORMATION

Gulf Warehousing Company Q.P.S.C. (the “Company”) is incorporated in accordance with the provisions of the Qatar Commercial Companies Law No. 11 of 2015 as a Qatari Public Shareholding Company, and was registered at the Ministry of Commerce and Industry of the State of Qatar with the Commercial Registration number 27386 dated 21 March 2004. The Company’s shares are listed on the Qatar Stock Exchange since 22 March 2004. The Company’s name was changed from Gulf Warehousing Company Q.S.C. to Gulf Warehousing Company Q.P.S.C. during the year ended 31 December 2016 so as to comply with the Article 16 of the Qatar Commercial Companies Law No. 11 of 2015. The Company is domiciled in the State of Qatar, where it also has its principal place of business. The Company’s registered office is at D Ring Road, Building number 92, Doha, State of Qatar.

The interim condensed consolidated financial statements comprise the Company and its subsidiaries (collectively referred as the “Group” and individually as the “Group entities”).

The principal activities of the Group, which have not changed since the previous year, are the provision of logistics (warehousing, inland transportation of goods for storage, international moving and relocation, express courier and records management) and freight forwarding (land, sea or air) services.

Details of the Company’s operational subsidiaries are as follows:

Gulf Warehousing Company Q.P.S.C.

NOTES TO THE INTERIM CONDENSED CONSOLIDATED FINANCIAL STATEMENTS **At 30 September 2019**

2 BASIS OF PREPARATION

The interim condensed consolidated financial statements for the nine months ended 30 September 2019 have been prepared in accordance with International Financial Reporting Standard IAS 34 “Interim Financial Reporting” (“IAS 34”).

The interim condensed consolidated financial statements have been presented in Qatar Riyals (“QR”), which is the functional and presentation currency of the Group.

The interim condensed consolidated financial statements do not include all the information and disclosures required in the annual financial statements and should be read in conjunction with the Group’s annual financial statements as at 31 December 2018. In addition, the results for the nine months ended 30 September 2019 are not necessarily indicative of the results that may be expected for the financial year ending 31 December 2019.

These condensed consolidated interim financial statements were authorised for issue by the Parent Company’s Board of Directors on 15 October 2019.

3 NEW STANDARDS, INTERPRETATIONS AND AMENDMENTS ADOPTED BY THE GROUP

The accounting policies adopted in the preparation of the interim condensed consolidated financial statements are consistent with those followed in the preparation of the Group’s annual consolidated financial statements for the year ended 31 December 2018, except for the adoption of new standards effective as of 1 January 2019. The Group has not early adopted any other standard, interpretation or amendment that has been issued but is not yet effective.

The Group applied, for the first time, IFRS 16 Leases that requires restatement of previous financial statements. As required by IAS 34, the nature and effect of these changes are disclosed below.

Several other amendments and interpretations apply for the first time in 2019, but do not have an impact on the interim condensed consolidated financial statements of the Group.

IFRS 16 Leases

IFRS 16 supersedes IAS 17 Leases, IFRIC 4 Determining whether an Arrangement contains a Lease, SIC-15 Operating Leases-Incentives and SIC-27 Evaluating the Substance of Transactions Involving the Legal Form of a Lease. The standard sets out the principles for the recognition, measurement, presentation and disclosure of leases and requires lessees to account for all leases under a single on-balance sheet model.

Lessor accounting under IFRS 16 is substantially unchanged under IAS 17. Lessors will continue to classify leases as either operating or finance leases using similar principles as in IAS 17. Therefore, IFRS 16 did not have an impact for leases where the Group is the lessor.

The Group adopted IFRS 16 using the full retrospective method of adoption with the date of initial application of 1 January 2019. The Group elected to use the transition practical expedient allowing the standard to be applied only to contracts that were previously identified as leases applying IAS 17 and IFRIC 4 at the date of initial application. The Group also elected to use the recognition exemptions for lease contracts that, at the commencement date, have a lease term of 12 months or less and do not contain a purchase option ('short-term leases'), and lease contracts for which the underlying asset is of low value ('low-value assets').

Gulf Warehousing Company Q.P.S.C.

Net cash flows from financing activities	<u>(15,988,360)</u>

There is no impact on other comprehensive income and no material impact on the basic and diluted EPS.

Gulf Warehousing Company Q.P.S.C.

NOTES TO THE INTERIM CONDENSED CONSOLIDATED FINANCIAL STATEMENTS At 30 September 2019

3 NEW STANDARDS, INTERPRETATIONS AND AMENDMENTS ADOPTED BY THE GROUP (CONTINUED)

IFRS 16 Leases (continued)

a) Nature of the effect of adoption on IFRS 16 (continued)

The Group has lease contracts for various items of vehicles and properties. Before the adoption of IFRS 16, the Group classified each of its leases (as lessee) at the inception date as either a finance lease or an operating lease. A lease was classified as a finance lease if it transferred substantially all of the risks and rewards incidental to ownership of the leased asset to the Group; otherwise it was classified as an operating lease. Finance leases were capitalised at the commencement of the lease at the inception date fair value of the leased property or, if lower, at the present value of the minimum lease payments. Lease payments were apportioned between interest (recognised as finance costs) and reduction of the lease liability. In an operating lease, the leased property was not capitalised and the lease payments were recognised as rent expense in profit or loss on a straight-line basis over the lease term. Any prepaid rent and accrued rent were recognised under Prepayments and Trade and other payables, respectively.

Upon adoption of IFRS 16, the Group applied a single recognition and measurement approach for all leases, except for short-term leases and leases of low-value assets. The standard provides specific transition requirements and practical expedients, which has been applied by the Group. The Group recognised lease liabilities to make lease payments and right-of-use assets representing the right to use the underlying assets. In accordance with the full retrospective method of adoption, the Group applied IFRS 16 at the date of initial application as if it had already been effective at the commencement date of existing lease contracts. Accordingly, the comparative information in this interim condensed consolidated financial statement has been restated.

As at 31 December 2018:

- Right-of-use assets of QR 339,175,722 were recognised and presented separately in the statement of financial position. Lease assets recognised previously under finance leases of QR 105,989,966 and included under Property, plant and equipment were adjusted.
- Additional lease liabilities of QR 296,635,452 were recognised and presented separately in the statement of financial position.
- Prepayments of QR 5,296,829 related to previous operating leases were derecognised.
- The net effect of these adjustments amounting to QR 68,746,525 had been adjusted to Retained earnings.

For the nine months period ended 30 September 2018:

- Depreciation expense increased by QR 12,767,043 relating to the depreciation of additional assets recognised (i.e., increase in right-of-use assets, net of decrease in Property, plant and equipment).
- Rent expense decreased by QR 15,057,510 relating to previous operating leases.
- Finance costs increased by QR 9,746,634 relating to the interest expense on additional lease liabilities recognised.
- Cash outflows from operating activities decreased by QR 15,988,360 and cash outflows from financing activities increased by the same amount, representing the payments for the principal portion of recognised lease liabilities.

For the three months period ended 30 September 2018:

- Depreciation expense increased by QR 4,255,681 relating to the depreciation of additional assets recognised (i.e., increase in right-of-use assets, net of decrease in Property, plant and equipment).
- Rent expense decreased by QR 5,019,170 relating to previous operating leases.
- Finance costs increased by QR 3,248,878 relating to the interest expense on additional lease liabilities recognised.

Additions	-	482,032	482,032
Depreciation expense	(10,737,504)	(7,758,568)	(18,496,072)
As at 30 September 2019	305,415,711	15,745,971	321,161,682
			<i>Lease</i> <i>Liabilities</i> <i>QR</i>
As at 31 December 2018			296,635,452
Additions			482,032
Interest expense			9,413,251
Payments			(16,011,425)
As at 30 September 2019			290,519,310
Current portion			20,797,460
Non-current portion			269,721,850

The Group recognised rent expense from short-term leases of QR 406,740 for the nine months period ended 30 September 2019.

c) Summary of new accounting policies – IFRS 16

Set out below are the new accounting policies of the Group upon adoption of IFRS 16, which have been applied from the date of initial application:

Right-of-use assets

The Group recognises right-of-use assets at the commencement date of the lease (i.e., the date the underlying asset is available for use). Right-of-use assets are measured at cost, less any accumulated depreciation and impairment losses, and adjusted for any remeasurement of lease liabilities. The cost of right-of-use assets includes the amount of lease liabilities recognised, initial direct costs incurred, and lease payments made at or before the commencement date less any lease incentives received. Unless the Group is reasonably certain to obtain ownership of the leased asset at the end of the lease term, the recognised right-of-use assets are depreciated on a straight-line basis over the shorter of its estimated useful life and the lease term. Right-of-use assets are subject to impairment.

Lease liabilities

At the commencement date of the lease, the Group recognises lease liabilities measured at the present value of lease payments to be made over the lease term. The lease payments include fixed payments (including in-substance fixed payments) less any lease incentives receivable, variable lease payments that depend on an index or a rate, and amounts expected to be paid under residual value guarantees. The variable lease payments that do not depend on an index or a rate are recognised as expense in the period on which the event or condition that triggers the payment occurs.

Gulf Warehousing Company Q.P.S.C.

NOTES TO THE INTERIM CONDENSED CONSOLIDATED FINANCIAL STATEMENTS At 30 September 2019

3 NEW STANDARDS, INTERPRETATIONS AND AMENDMENTS ADOPTED BY THE GROUP (CONTINUED)

IFRS 16 Leases (continued)

c) Summary of new accounting policies – IFRS 16 (continued)

In calculating the present value of lease payments, the Group uses the incremental borrowing rate at the lease commencement date if the interest rate implicit in the lease is not readily determinable. After the commencement date, the amount of lease liabilities is increased to reflect the accretion of interest and reduced for the lease payments made. In addition, the carrying amount of lease liabilities is remeasured if there is a modification, a change in the lease term, a change in the in-substance fixed lease payments or a change in the assessment to purchase the underlying asset.

Short-term leases and leases of low-value assets

The Group applies the short-term lease recognition exemption to its short-term leases of machinery and equipment (i.e., those leases that have a lease term of 12 months or less from the commencement date and do not contain a purchase option). It also applies the lease of low-value assets recognition exemption to leases of office equipment that are considered of low value (i.e., below QR 20,000 (€5,000)). Lease payments on short-term leases and leases of low-value assets are recognised as expense on a straight-line basis over the lease term.

Significant judgement in determining the lease term of contracts with renewal options

The Group determines the lease term as the non-cancellable term of the lease, together with any periods covered by an option to extend the lease if it is reasonably certain to be exercised, or any periods covered by an option to terminate the lease, if it is reasonably certain not to be exercised.

The Group has the option, under some of its leases to lease the assets for additional terms. The Group applies judgement in evaluating whether it is reasonably certain to exercise the option to renew. That is, it considers all relevant factors that create an economic incentive for it to exercise the renewal. After the commencement date, the Group reassesses the lease term if there is a significant event or change in circumstances that is within its control and affects its ability to exercise (or not to exercise) the option to renew (e.g., a change in business strategy).

4 USE OF JUDGEMENTS AND ESTIMATES

In preparing these condensed consolidated interim financial statements, management has made judgments, estimates and assumptions that affect the application of accounting policies and the reported amounts of assets and liabilities, income and expense. Actual results may differ from these estimates.

The significant judgments made by management in applying the Group's accounting policies and the key sources of estimation uncertainty were the same as those that applied to the last annual consolidated financial statements, except for new significant judgements and key sources of estimation uncertainty related to the application of IFRS 16, which is described in Note 3.

Measurement of fair values

The Group has an established control framework with respect to the measurement of fair values. The Group's Chief Financial Officer (CFO) has overall responsibility for overseeing all significant fair value measurements, and reports significant valuation issues directly to the Group's Internal Audit Committee. The CFO regularly reviews valuation adjustments. If third party information is used to measure fair values, then the CFO assesses the evidence obtained from the third parties to support the conclusion that these valuations meet the requirements of IFRS.

Management believes that as at the reporting date the fair values of the Group's financial assets and liabilities approximated their carrying amounts.

Gulf Warehousing Company Q.P.S.C.

NOTES TO THE INTERIM CONDENSED CONSOLIDATED FINANCIAL STATEMENTS At 30 September 2019

5 SEGMENTAL INFORMATION

The Group has the following four strategic divisions, which are its reportable segments. These divisions offer different services and are managed by the Group separately for the purpose of making decisions about resource allocation and performance assessment.

The table below sets out the operations of each reporting segments.

<i>Reportable segments</i>	<i>Operations</i>
Logistics operations	Storage, handling, packing and transportation
Freight forwarding	Freight services through land, air and sea
Rentals	Rental income
Others	Fixed deposit income and other

The Group's Chief Executive Officer reviews the internal management reports of each division at least quarterly.

There are varying level of integration between the Logistics and Freight forwarding segments.

The following table presents revenue and profit information regarding the Group's operating segments for the nine month period ended:

<i>Revenue / profit</i>	<i>30 September 2019</i> (Reviewed)			<i>30 September 2018</i> (Reviewed)

NOTES TO THE INTERIM CONDENSED CONSOLIDATED FINANCIAL STATEMENTS At 30 September 2019

6 PROPERTY, PLANT AND EQUIPMENT

Acquisitions

During the nine-month period ended 30 September 2019, the Group acquired assets with a cost of QR 78,577,704 (nine-month period ended 30 September 2018: QR 37,069,677) to meet increased operational requirements of the Group.

Transfers

During the nine-month period ended 30 September 2019, buildings and equipment with a cost of QR 10,396,413 (nine-month period ended 30 September 2018: QR 743,636,872) were transferred to Property, plant and equipment from Capital work-in-progress (Note 7).

Disposals

During the nine-month period ended 30 September 2019, the Group disposed assets with a cost of QR 5,581,256 having a carrying value of QR 12,191 resulting to a profit on disposal of QR 357,809 (nine-month period ended 30 September 2018: the Group disposed assets with a cost of QR 6,449,985 having carrying value of QR 25,116 resulting to a profit on disposal of QR 440,884).

During the period, the Group has reviewed the residual values and the useful lives of property, plant and equipment. Accordingly, the residual value of Motor vehicles and warehouse equipment pertaining to the Qatar operations was increased to 15% -20% as a percentage of the cost. Further, useful lives of buildings were revised from 25 years to a range of 25 to 30 years.

The effect of changes relating to the useful lives and the residual values has been recognised prospectively. If the Group had continued with the useful lives and the residual values as estimated during the previous years, the depreciation charged to the statement of comprehensive income would have been increased by QR 13,716,603 for the nine-months ended 30 September 2019, and the carrying value of such fixed assets would have been decreased by the same amount. It is not practicable to quantify the effects on future period.

7 CAPITAL WORK-IN-PROGRESS

Capital work-in-progress represents the cost of assets under construction that are not available for use as at the reporting date. Capital work-in-progress comprises mainly the construction work in relation to Abu Fontas project.

The amount of borrowing costs capitalized during the nine-month period ended 30 September 2019 was QR 348,161 (Nine month period ended 30 September 2018: QR 1,416,181). The weighted average rate used to determine the amount of borrowing costs eligible for capitalization was 5.25% per annum, which was the effective interest rate of the specific borrowing.

8 INVESTMENT PROPERTY

	30 September 2019 QR (Reviewed)	31 December 2018 QR (Audited)
Balance as at 1 January	37,522,065	37,397,470
Fair value gain	-	124,595
Balance as at end of the period/year	37,522,065	37,522,065

The Investment property comprises buildings. The management is of the view that the fair value as at 30 September 2019 is not materially different from the fair value determined as of 31 December 2018.

(i) Stock split

On 4 February 2019, the Extraordinary General Meeting of the Group approved the reduction of the par value of the ordinary share from QR 10 to QR 1, as per the instruction of Qatar Financial Markets Authority. The Qatar Financial Markets Authority (QFMA) announced that the enforcement date of the decision of stock split of the companies listed at Qatar Stock Exchange (QSE) is on 9 June 2019 and the decision of the stock split shall be enforced during the period of 9 June to 7 July 2019. On 4 July 2019, the Qatar Stock Exchange announced that the share split of the Company has been executed and the listing of the new shares in Stock Exchange was effective from 7 July 2019. Accordingly, the total number of shares of the Company has increased from 58,603,148 to 586,031,480.

12 LEGAL RESERVE

In accordance with Qatar Commercial Companies Law No. 11 of 2015, an amount equal to 10% of the net profit for the year of every company incorporated in the State of Qatar is required to be transferred to a legal reserve account until such time the balance of the legal reserve account of such a company reaches 50% of its paid up share capital. Share premium collected from the issuance of new shares is also transferred to the legal reserve. The legal reserve is not available for distribution, except in circumstances specified in the above mentioned Law.

13 DIVIDENDS

A dividend of QR 111,345,981 (QR 1.9 per share) was proposed by the Board of Directors in respect of the Group profit for the year ended 31 December 2018, which was approved by the Company's shareholders at the Company's Annual General Meeting held on 4 February 2019.

A dividend of QR 99,625,352 (QR 1.7 per share) was proposed by the Board of Directors in respect of the Group profit for the year ended 31 December 2017, which was approved by the Company's shareholders at the Company's Annual General Meeting held on 5 February 2018.

19 EARNINGS PER SHARE

The calculation of basic earnings per share ('EPS') is arrived by dividing the profit attributable to the owners of the parent Company for the period by the weighted average number of ordinary shares outstanding during the period.

	For the three month period ended 30 September		For the nine month period ended 30 September	
	2019	2018	2019	2018
	QR	QR	QR	QR
	(Reviewed)	(Reviewed)	(Reviewed)	(Reviewed)
Profit for the period attributable to equity holder of the parent	59,393,290	55,009,402	181,927,685	165,700,878
Weighted average number of shares outstanding during the period (i)	586,031,480	586,031,480	586,031,480	586,031,480
Basic and diluted earnings per share (expressed in QR per share)	0.10	0.09	0.31	0.28

(i) For purpose of calculating earnings per share, weighted average number of shares outstanding have been adjusted consequent to the share split disclosed in Note 11.

Diluted earnings per share

As the parent has no potential dilutive shares, the diluted EPS equals to the basic EPS.
