GWC 

Delivering Logistics Innovation

GWC (Q.P.S.C.) is the leading provider of logistics and supply chain solutions in the State of Qatar. Established as a Qatari shareholding company in 2004; the company offers the full spectrum of high-quality solutions to a variety of industry verticals. GWC delivers this by understanding their clients' needs, owned warehousing and transport assets, and by leveraging their global shipping network. The company is backed by a team of committed and innovative experts in the field and supported by state-of-the-art IT systems and logistical infrastructure, including the largest self-contained logistics hub in the region, the Logistics Village Qatar (LVQ), as well as the first of the public/private partnerships to bear fruit, the GWC Bu Sulba Warehousing Park.

Our Purpose and Passion

At GWC, we constantly re-examine our motivations, seeking to best define our path to industry leadership. We have moved beyond a restrictive vision of what we seek to accomplish, and focus instead on why we wish to accomplish it; we look at a picture larger than just how we will achieve our goals, and identify the drive that will propel us towards them.

From Vision to **PURPOSE**

To set a world-class standard in logistics operations, supporting Qatar in its vision of becoming a sustainable and diverse economy, and to ensure the best possible returns to our shareholders.

From Mission to **PASSION**

To achieve our ‘Purpose’ by fostering the drive and tenacity to innovate and deliver, never letting go of the values that have forged our success, and thereby, become the provider of choice.
